

Intro to Conflict Resolution for Couples

As part of the educational aspect of our mission, Community Solutions is offering a 2 hour "Intro to Conflict Resolution for Couples" workshop. This brief class will offer couples the tools that experienced mediators use to find and resolve the sources of conflict that commonly arise in most relationships.

The workshop will be partly didactic and partly practical, giving participants the opportunity to practice the tools they'll learn under the supervision of trained mediators.

The workshop will be taught by Mark Montgomery, Licensed Acupuncturist. Mark is an experienced mediator and member of the Community Solutions board with a particular interest in conflict as a catalyst for transformation.
